

LDA NeoTap:

*A leading edge solution for 10/25/40G
tap aggregation and timestamping*

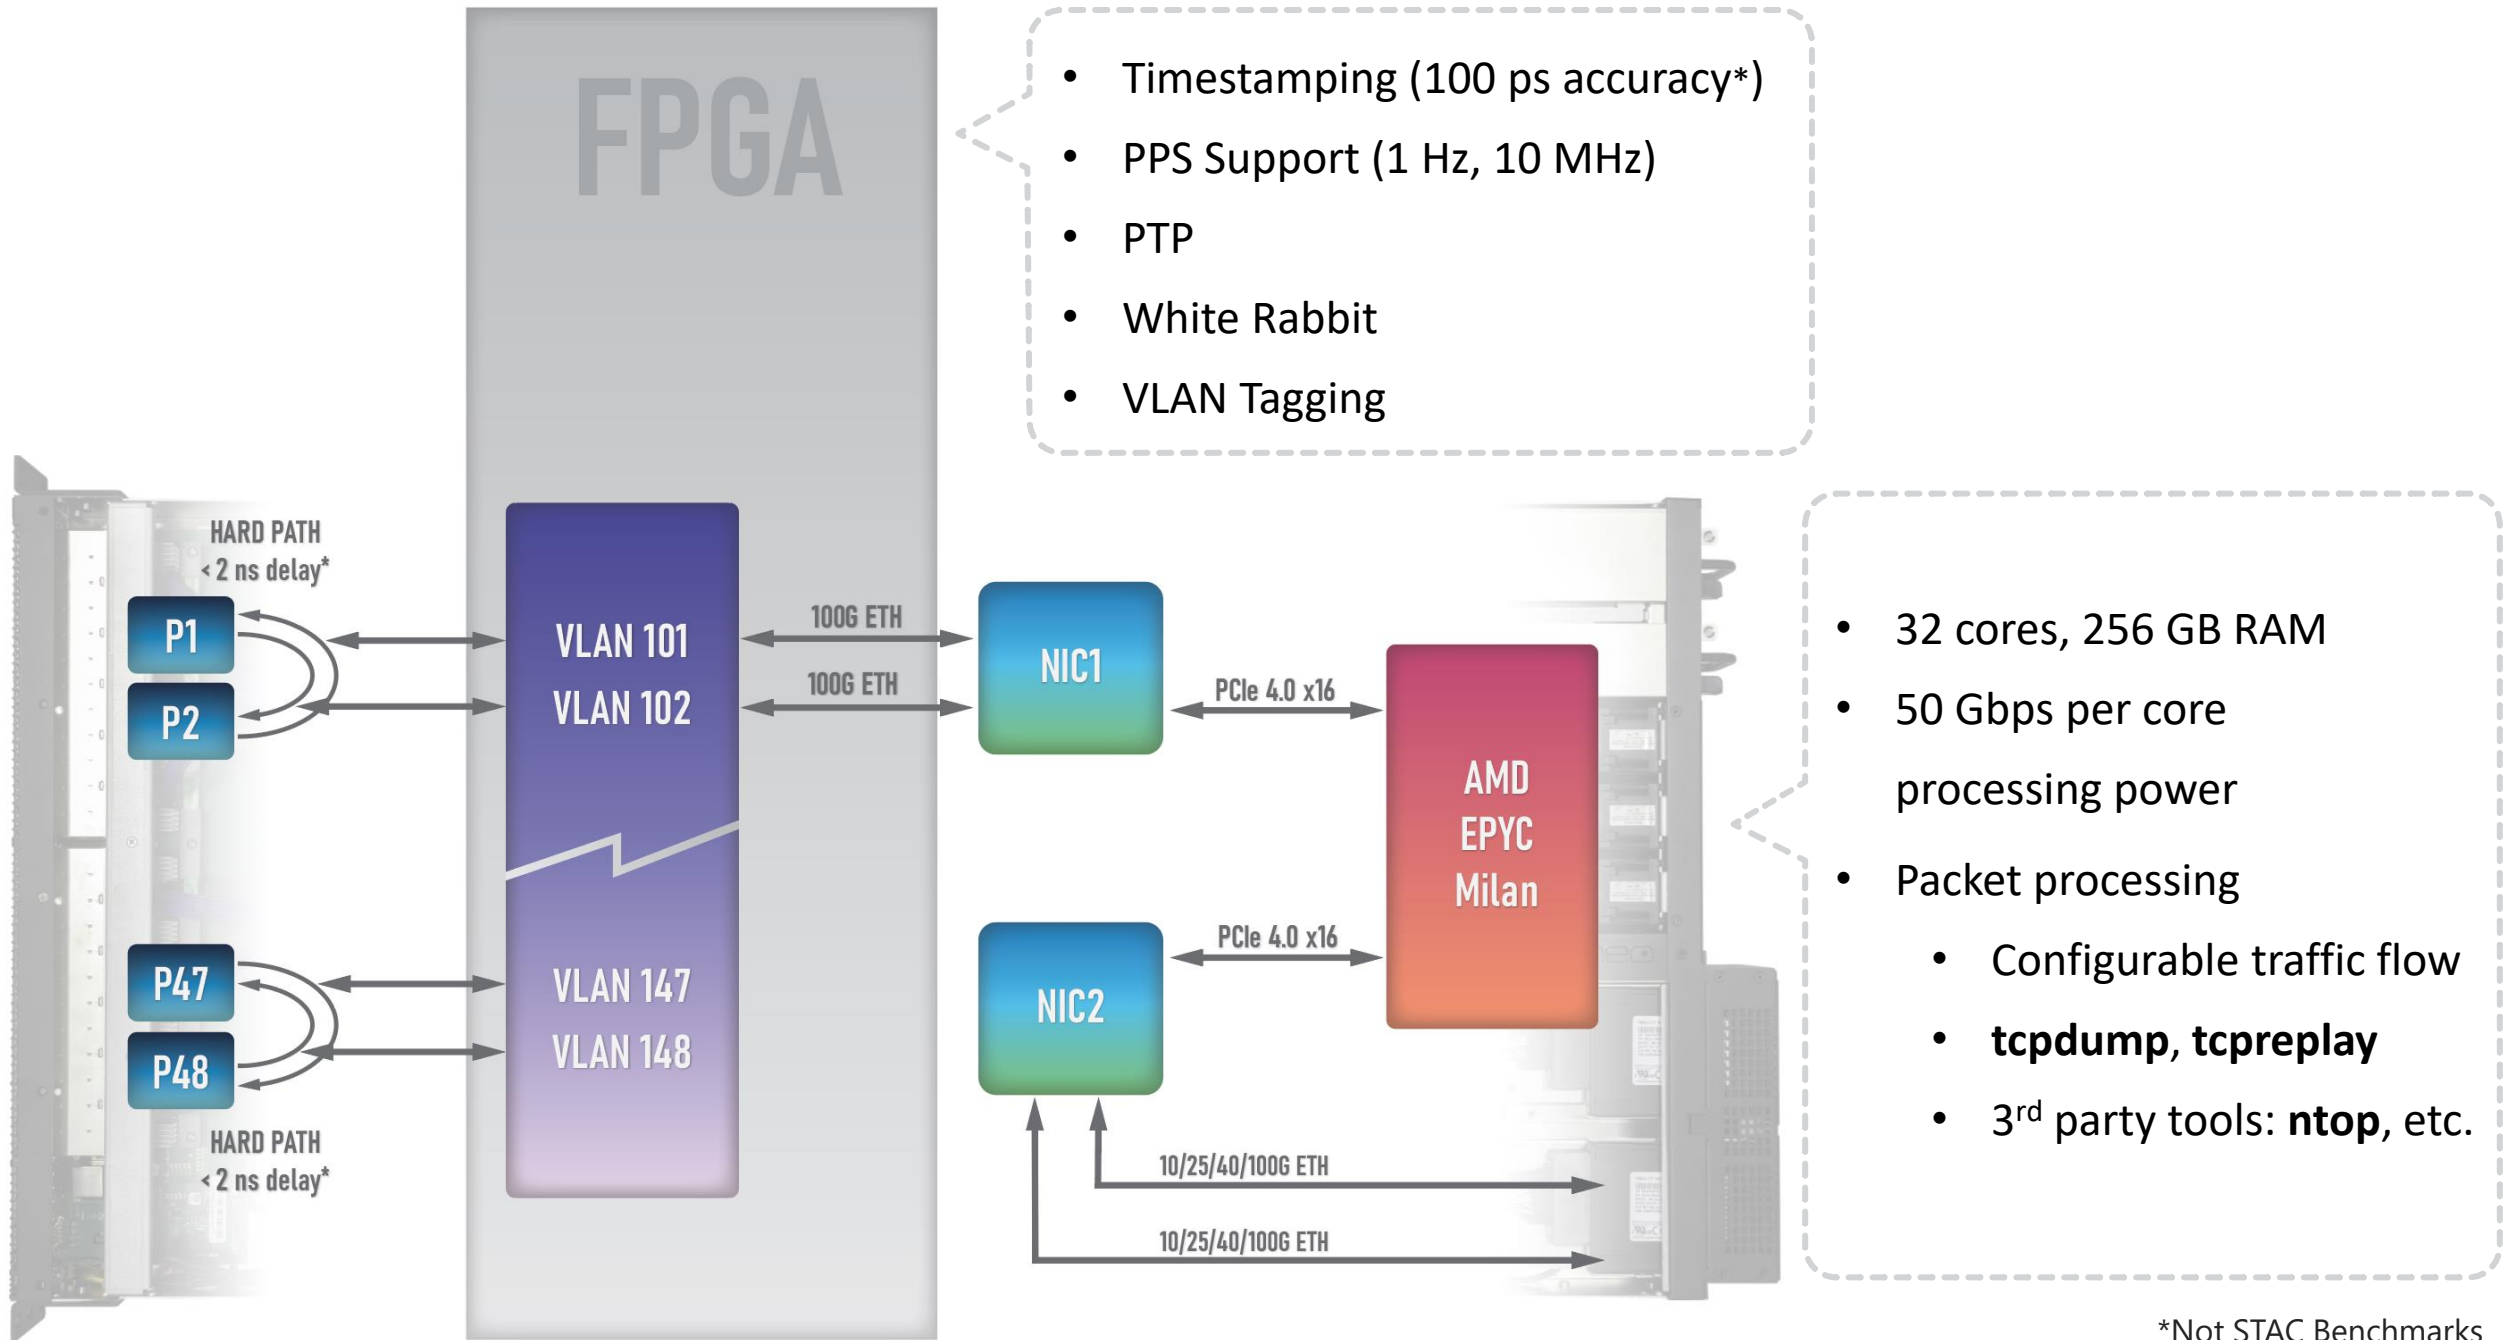

neo
tap

- Timestamping (100 ps accuracy*)
- PPS Support (1 Hz, 10 MHz)
- PTP
- White Rabbit
- VLAN Tagging

- 32 cores, 256 GB RAM
- 50 Gbps per core processing power
- Packet processing
 - Configurable traffic flow
 - **tcpdump, tcpreplay**
 - 3rd party tools: **ntop**, etc.

*Not STAC Benchmarks
